

I listen to K-Love every time I am in the car - it is the only radio station I listen to. The programming is positive and encouraging. There is not an alternative radio station that provides Christian music without advertising. The loss of K-Love would leave a major void in Christian radio for Denver, CO. Although many Christians listen to K-Love, the services provided by K-Love are good for the entire community because it is a wholesome alternative to other radio offerings. Please keep it on the air. Thank you.
